MENTOR REMARKS (WEEKLY)

IS THIS PROGRAM FOR YOU?

Ask yourself *twelve honest questions*

01 You cleared Prelims and wrote Mains, maybe even faced the Board. **What will turn your next attempt into a rank?**

02 Is **completing the syllabus** the same as being **exam-ready**?

03 After your last Mains, what did you regret most: **incomplete answers, thin content or poor time management**?

04 Do you get **structured feedback** on every answer you write, or only marks?

05 Is your **essay** really multi-dimensional, or does it repeat GS content?

06 Can you solve an **Ethics case study** in a clear stakeholder → options → action format?

07 If you missed the cut-off by a few marks, do you need a **new strategy or a sharper one**?

08 Do you know your **Prelims accuracy** subject by subject?

09 Is your **CSAT** safely above the qualifying mark under exam pressure?

10 Do you repeat the same mistakes in every test? Is that **knowledge or accountability**?

11 Can you balance **Mains writing and Prelims MCQs** in the same weeks without burning out?

12 Do you have a mentor who has **produced rankers** and will track you **every week**?

If you nodded at even three of these, Patanjali TAPAS is for you. And it costs nothing.

Why "TAPAS"?
